JOYCE DAVIES

July 2026

Issue No. 1

Hello **Joyce**,

This is your Taletrove newsletter — a monthly collection of family photos, stories, and updates.

This little booklet was put together by **Rachel** and your family.

Inside are some of the photos, stories, and moments they've gathered to share with you — little glimpses of their month, thoughtfully chosen just for you.

We hope it brings a smile and makes for an enjoyable read.

Warm wishes,
The Taletrove Team

This one didn't want to be put down all afternoon, he's such a softie really.

RACHEL

ALEXIS

We had the most wonderful few days away in Portugal, the beach was beautiful and the weather didn't put a foot wrong all week.

Stopped for an Aperol in the sunshine while we were away, it has become the holiday tradition now.

RACHEL

SAM

Got out for a proper long walk at the weekend and made it right to the top, the views went on for miles and we had the whole ridge almost to ourselves.

Went to a classic car show on Saturday, this old Ferrari was easily the best one there. Couldn't resist a photo!

The big day finally arrived and it could not have gone more perfectly, the sun shone all the way through and our first dance in the evening was a moment I will never forget.

This was the steep bit near the top, a proper hands and knees scramble! Very pleased with myself for getting up it.

A couple of furry friends
this month, this
handsome chap said hello
on the high street and
these two were fast
asleep all afternoon.

I found this lovely old photo and had to send it on to you, it brought back so many happy memories looking through them all.

ALEXIS

RACHEL

The dance floor did not stop all night, and they surprised us with fireworks to finish, the perfect end to a perfect day.

Got the lads together for a good catch up at the weekend, it had been far too long.

WILL

SAM

Did lots of exploring this month, a wonderful few days in Vienna and a beautiful old moated manor house closer to home.

Had everyone round for a get together on Saturday night, so nice to have the whole gang in one place.

WILL

A brilliant few days away with the lads, we grabbed a drink in the sun and could not walk past this giant crab without a photo.

I dug out this old one of us as little ones, can you believe how long ago that was! Made me smile.

SAM

RACHEL

The view from the pool on holiday was something else, a morning swim before breakfast became the daily routine.

The little ones took the dog out across the field this week, they had the best time in the sunshine.

ALEXIS

SAM

Made the most of the garden this weekend, fired up the barbecue and had a very competitive game of croquet in the sunshine.

Made a little pilgrimage to the famous Sun Studio where it all began, a real treat for a music lover like me.

WILL

ALEXIS

Lovely time out in the gardens this month, everything was in full bloom and the water lilies on the pond were beautiful.

Treated ourselves to a lovely meal out this week, every plate looked like a work of art.
